2013 Summer Nanotechnology Workshop for STEM Educators

June 10-14, 2013
Northwest Vista College
San Antonio, TX

First Name: _____ Last Name: _____
Institution: _____ Title: _____
Teaching Subject: _____
Address: _____
City: _____ State: ____ Zip: _____
Office Phone: _____Work Email: _____
Special needs (please list any physical or dietary restrictions):_____

The workshop will be conducted by NCLT (Nanotechnology Center for Learning and Teaching at Northwestern University), founded as a NSF-supported center in nanoscale science and engineering education for grades 7-12 and community colleges, to offer nanotechnology-focused, grade appropriate curricular materials and lab experiments that can integrate well into the classrooms of high school and community colleges. NCLT has conducted similar workshops throughout the US and internationally.

Workshop Highlights:

- ***All STEM educators in local High Schools and Community Colleges are eligible to apply.***
- ***Teaching and Learning Kits will be provided to participants and their classroom for free.***
- ***Breakfast, lunch, and snacks will be provided.***
- ***Stipend*: $500 for attending the 5-day workshop in summer 2013.***

**A Follow-up 4-day Workshop ($400 Stipend) in summer 2014 will be required in order to receive the whole package stipend of $900.*

The application deadline is April 05, 2013. There are a limited number of applications that will be accepted. Email your application to Qiaoying (Joy) Zhou, Ph.D., at qzhou2@alamo.edu. You will be notified whether your application has been accepted by April 12, 2013. Questions? Please feel free to ask.

This summer workshop is partially supported by NSF Grant No. (1205010).
