

2019 DISTINGUISHED GRADUATE

Kayla Gunn

American Sign Language Interpreting

“At the end of the day, we can endure much more than we think we can.”

-Frida Kahlo

Kayla Gunn became interested in pursuing sign language interpreting after taking ASL classes during high school. After multiple recommendations from the incredible program at San Antonio College, she signed up to start classes in fall 2015.

While attending SAC, she achieved multiple accomplishments such as repeatedly making the Dean’s and President’s list, was a proud member of the Connection Club and ASL Honor Society, and enjoyed taking courses offered through the honors program. Kayla has an abundant amount of gratitude for all the wonderful friends she made during her time at SAC as well as her amazing professors, mentors, and the marvelous staff in the interpreter training program. She is also appreciative of her supportive loved ones who were always intrigued by her progress through school. Kayla hopes to continue spreading the values taught to her by the professors she grew close to and hold on to their lessons for future application and growth.
