

2013 Distinguished Graduate

Adam Valdez
Engineering

"Learn from yesterday, live for today, hope for tomorrow. The important thing is not to stop questioning."

-Albert Einstein

Biography

Adam Valdez is the Distinguished Graduate for Engineering. He graduated in December of 2012 with Associates of Science in Engineering. He would like to specialize in Civil/Environmental Engineering.

Adam was involved in the MAES Club at San Antonio College. He was also involved in an undergraduate research program regarding solar power. Along with fellow engineering students, they worked with faculty members in order to track and record solar energy emitted from the Texas Sun right at San Antonio College.
