2014 Distinguished Graduate

Eddiberto SilvazComputer Security Administrator

"By failing to prepare, you are preparing to fail."

-Benjamin Franklin

Biography

The parents of Eddiberto Silvaz are from Munday, Texas and were migrant workers and had no education. They moved around a lot following work until Eddiberto was born. They then settled in Burley, ID. Eddiberto is the youngest of four brothers and eight sisters; he graduated from Minco High School in 1994 and was the only one out of twelve siblings to attend a university. He attended two semesters at Boise State University and then had to withdraw to take care of both his parents when they fell ill.

That was 17 years ago. Now, Eddiberto is attending San Antonio College full-time while working a full-time job. He is currently the VP of Scholarships for Phi Theta Kappa Betu Nu Chapter. He will graduate with an Associate of Applied Science degree in Computer Security Administrator, and he has a 3.6 GPA.

Eddiberto's family is what drives him to complete his life goal of getting a Bachelor in Computer Information Systems. He will be the first of his siblings to have an Associate of Applied Science and a Bachelor of Applied Science and Art when he finishes in 2016.
