

# CREATIVE & COMMUNICATION ARTS INSTITUTE

If you want a career that lets you *express yourself*, welcome to the beginning of a rewarding journey.

While each of our five colleges has its own history, campus and culture, the AlamoINSTITUTES have been organized to help you make the most of what our colleges collectively offer.

Each institute represents a system of educational pathways toward specialized careers. Choose either the general field of study or a specific job you're after, and the institute will show you the path to follow, step by step, to arrive at the future you want. Each course you take in the institute you've chosen builds one upon another. We call them stackable credentials, meaning you take courses that move you toward your end goal—the career you've chosen.

This approach will help you:

- **SAVE TIME** – Take only courses you need, either to be job-ready when you graduate from one of our five colleges or to transfer to a university.
- **SAVE MONEY** – Don't pay for unneeded courses or take more credit hours than you need to graduate or transfer.

Learn more about all six institutes and the programs available through each one. Simply talk to an advisor at any of our colleges or visit [alamo.edu](http://alamo.edu).

Choose a career that lets you **EXPRESS YOURSELF** – as an art director, artist, graphic designer, actor, choreographer, dancer, musician, broadcast news analyst, editor, photographer, technical writer, reporter, fashion designer, desktop publisher, craft artist, multimedia artist, camera operator.
