

International Student Admissions

All persons seeking admission holding non-permanent visas will be processed as international students. Applicants for F-1 student visas, or F-1 visa students transferring from a high school, college, or university in the United States, must submit a completed International Student Application Form. Check the individual college website for additional information and forms.

All international students must follow the admissions steps outlined under the specific admissions category. International student applicants not completing college-level courses at a United States college or university are required to provide Accuplacer, ASSET, or THEA scores or take the THEA examination before the start of the first (1) semester of enrollment. A student who fails any one (1) of three (3) areas (reading, math, or writing) may enroll in some program courses but may also be required to enroll in developmental courses as needed.

For admissions, all foreign transcripts must be translated into English by a member of the American Translators Association. Students seeking transfer credit from foreign institutions must submit the official transcript evaluated by a member of the National Association of Credential Evaluation Services (NACES). Please note: Some evaluation services require translation from a specific translation service.
