Last Amended: 11-15-16

The following procedures address types of users and related fees (if any) for use of College District facilities. Types of activities permitted are further defined in Policy [G.1.4](#) "Use of and Access to College District Facilities."

College Community Use of College District Facilities

The grounds and facilities of the College District shall be made available to members of the College District community, including students and their respective registered organizations, when such use does not conflict with normally scheduled activities, or any College District policies or procedures.

Each college shall develop guidelines which cover only the times, places, or means of expression that are basically incompatible with normal activity at a particular time and place. Such guidelines shall not restrict expression because of its message, its ideas, its subject matter, or its content, and shall clearly inform what is required or prohibited.

General Community Use of College District Facilities

In keeping with the role of the community college as a public, community institution, the College District desires that college facilities under its jurisdiction be used to help meet general educational, cultural, and recreational needs of the community, and to defray in part its cost of facility ownership. Such facilities will be made available whenever such use does not interfere with the instructional program and is not inconsistent with the educational and community service objectives, policies and procedures of the College District. "Community" is defined as the College District (presently Bexar County) and the College District's service area of Atascosa (excluding Pleasanton ISD), Bandera, Comal, Guadalupe (excluding San Marcos ISD), Kendall, Kerr and Wilson counties. Facility users from outside the College District community may also be accepted to defray in part the cost of facility ownership.

These procedures cover rentals of 30 successive days or less for the exclusive use of all or a designated portion of a particular College District facility. Longer-term rentals should be negotiated as leases rather than as facility use agreements. Generally, facilities are not available for rental when Alamo Colleges is closed, except for certain facilities such as Koehler House and PAC Natatorium.

Community facility use may also consist of admission of community members (i) on a non-exclusive basis; *e.g.*, use of a gymnasium by a member of the public during a period of open use by students, or (ii) exclusive use of all or a portion of a gymnasium to the exclusion of others. Permitted access, if any, costs and charges may vary by facility. Each college may develop guidelines which cover the times, places and fees for any such nonexclusive use.

Groups that are integral parts of the College District such as student government, faculty, and/or staff may use facilities without charge by the College District for matters relating to the College District business. Use by faculty and/or staff unrelated to College District business will be charged the Group 3 rate. For example, should the District Staff Council use a conference room for a meeting there would be no charge or cost recovery. Groups formally recognized by the College District, such as registered student organizations, will be charged only for incremental costs for housekeeping, technology, security and/or other. The execution of a Facility Use Agreement containing insurance requirements is not required for Group 1 users.

Group 2 - At cost: Use by groups that are organized for general civic improvement or welfare and exempt from federal taxation under 501(c)(3) and public officials or entities engaged in non-political activities may use the College District facilities for meetings open to the public at a rate which covers the direct cost to the College District, such as those of security, housekeeping, support personnel, set up fees, extra utilities, etc. The execution of a Facility Use Agreement containing insurance requirements is mandatory for Group 2 users.

Group 3 - Commercial use charge: This classification shall include all other users, including, without limitation, commercial users, Group 1 users engaged in activities unrelated to College District business, non-501(c)(3) nonprofits and individuals, groups or entities engaged in political activities. Such users shall be charged the greater of a market rate or the direct cost of the use to the College District. The execution of a Facility Use Agreement containing insurance requirements is mandatory for Group 3 users.

Group 4 – Certain users and/or facilities qualify for use without any charge in furtherance of the legitimate interests of the College District with a frequency sufficient to be authorized without resort to the fee exception process hereinafter set forth, as follows. A facility may be used (other than for large events which would generate a significant housekeeping and/or security burden) by neighborhood associations, chambers of commerce, similar associations or small local governmental units within its vicinity with the written permission of the Chancellor, the President or Vice-Chancellor responsible for the facility or the Associate Vice-Chancellor for Facilities. Rare facilities such as San Antonio Colleges' Eco Centro which have as a core purpose the attraction of Community members for demonstration or Community education purposes may be used with the written permission of the Chancellor, or the President or Vice-Chancellor
