Agenda Item 2: Leadership Program
Rodell reintroduced the SLI mission, developing students into proactive, productive, and engaging leaders.

a. Status of TIER I Course Credit
Rodell provided an update regarding the course credit proposal presented at the May 23rd Vice Presidents of Academic Affairs (VPAA) meeting. SLI received the approval to move forward and provide a “closed” Speech 1321 Business and Professional Communication/Leadership emphasis course for the fall semester at all five college campuses. Rodell is working with the college Speech Department Chairs to set the fall term course schedule/sections. Confirmed course sections include Northwest Vista College, Palo Alto College, and Northeast Lakeview College. Pending course sections include San Antonio College and St. Philip’s College.

b. 2011-2012 Calendar - Leadership Labs
Rodell informed members about the purpose of leadership labs and the recommendation to invite organizational, community, and committee leaders as guest panelists during the Leadership Panel portion of the lab. College student leaders, involved in clubs and organizations, will be invited to participate in this portion of the lab. Carmen Velasquez and Yolanda Reyes-Guevara will partner with SLI to create awareness with respective college student leaders. David Patrick and Mark Williams recommended the need for a panel moderator. The moderator will make sure that the speakers are prepared, and that the speakers collectively deliver a cohesive and timely message that meets overall program objectives.
**TIER II**: Lisa Mochel inquired about the decline in student participation. David Alfaro provided insight into the low participation rate while Mary Castaneda and Marie Valentin shared reasons regarding their decision not to apply for the TIER II Leadership Program. Paul Martin recommended that SLI ask current student leaders about possible course dates for TIER II.
