The Mexican American Experience

Whether you are working on your Associate’s degree, or planning to transfer to a 4-year institution, this learning community is a fun way to complete two core requirement courses.

In addition to colonial Mexican American history, themes and topics will include various Latino/a issues pertaining to race, gender, politics, popular events and culture.

You will have the opportunity to participate in field trips and film presentations about the Mexican American experience.

Upon completion, you’ll fulfill an English AND History requirement!

The Learning Community Program at Northwest Vista College is designed to offer you a unique college experience and help you develop dynamic skills needed for college success and graduation.

When you join a learning community you will enroll in two linked courses, which means you will have an opportunity to spend time with the same group of peers throughout the semester and develop a deeper understanding of course material.

This enables you to form new relationships and study groups with other students sharing your same experiences and coursework!
