What is the Texas Success Initiative (TSI)?

The Texas Success Initiative is a state mandated program, effective August 26, 2013, designed to help determine if you are ready for college-level course work in the general areas of reading, writing, and mathematics (Texas Administrative Code (TAC) Chapter 4, Subchapter 3). The program will help you know what type of courses or interventions will assist you be prepared for college level course work.

All students not meeting the exemptions defined below (Tables 1 and 2) must take the TSI Assessment as a diagnostic tool to determine reading, writing, and mathematics basic skills. Performing your best on the test will affect the amount of time and tuition cost you will have to spend on preparing for many of Alamo Colleges' programs and courses. Students may retest on TSI Assessment at any time if they want to advance in their developmental course sequence.

Following the TSI Assessment, your goal/major will determine what level (if any) of developmental coursework and/or interventions will be required.

If you are required to take the TSI Assessment, several options are available for you to review and prepare for the test. Spending a short time reviewing information about the test and the type of questions you can expect may assist you in maximizing your performance on the exam. Please request information about these options.

You will be advised based on the results of your TSI Assessment scores and the courses you plan to take.

You will not be denied admission to the Alamo Colleges based on your TSI Assessment scores.

******Traditional and Early College High School Dual Credit Students:** An eligible high school student who enrolls in a dual credit course requiring TSI completion in reading, writing, or mathematics under the PSAT/NMSQT, PLAN, or Aspire provisions and earns a grade of C or better has demonstrated eligibility to enroll in dual credit courses in the 12th grade. A request to demonstrate eligibility in the 12th grade may occur if the student is seeking a subject area not earned in the previous academic year.
