Spring 2012 Noel-Levitz Survey

The Student Satisfaction Inventory (SSI) survey enables an institution to take the pulse of the student body to determine what matters to students and how satisfied the students are.

Annual surveying allows an institution to provide systematic feedback to internal and external constituents on the effectiveness of all campus programs and services to determine priorities for current students. St. Philip’s College has maintained and improved satisfaction levels across campus from 2010 to 2012.

Campus Climate: assesses the extent to which an institution provides experiences that promote a sense of campus pride and feelings of belonging. This scale also assess the effectiveness of an institutions’ channels of communication for students.

Academic Advising Effectiveness: assess the comprehensiveness of an institution’s academic advising program. Academic advisors and counselors are evaluated on the basis of their knowledge, competence and personal concern for students.
