

ACCELERATE YOUR NEW CAREER IN MANUFACTURING

BECOME A CERTIFIED PRODUCTION
TECHNICIAN

START DATE: **FEBRUARY 17, 2025**

You're made for a meaningful career, in a fast-growing field! That's why our **CPT 4.0+ certification program** provides you with the skill set needed to start your production technician career.

The centerpiece of our program is the Skill Boss trainer that allows hands-on experience and prepares you for industry-recognized certifications in safety, quality practices & measurement, manufacturing processes & production, and maintenance awareness.

Take the first step toward success and scan the QR code to learn more.
