

## Implementation Progress

**SPC Weekly:** The EDM Tip of the Week will continue in the fall. Administrators, faculty, staff, and students may now submit tips for Ethical Decision-Making through the QEP website. New tips will begin in the fall. Submitted tips were reviewed by the Implementation Team for relevance and appropriateness. Currently 20 tips are approved by the team.

**Student Life: What Would You Do?** Student Activities continues to engage students in the QEP by posing thought-provoking scenarios and questions during Spirit Day. New scenarios are presented every Wednesday from 11:00 am – 1:00 pm in the CLR breezeway. The last scenario for spring 2016 was presented during Spirit Day on May 11, 2016. Spirit Day and *What Would You Do?* activities will continue during Maymester and throughout the summer. Some aspect of *What Would You Do?* (WWYD) is presented to students each week and students are encouraged to submit a QEP Tip of the Week. During Spring 2016, 243 students participated in 14 WWYD scenarios at MLK campus. At SWC 289 students participated in WWYD for the same scenarios.

**QEP PR:** QEP student engagement and community awareness strategies continue with PR assistance. The QEP Implementation Team will discuss QEP community awareness strategies and possible modifications to QEP signage on campus for fall 2016. PR has produced a QEP poster the same size as the Mission Statement poster and with the same color of blue. College Services is working to determine the locations and number of posters that need to be replaced due to fading. Once this number is determined replacement posters will be purchased and placed. Ten of the large posters at SWC need replacing.

## Assessment

**Personal & Social Responsibility Inventory (PSRI):** Of the 1,473 students who completed some portion of the PSRI assessments during the pre- and post-test administrations, there are 135 cases with some level of data on both the pre- and post-test assessment. Once the data cleaning process has been completed by RISE, we will have a number of those with enough data to compare. Once this number is determined we can get an idea of the overlap with the DIT-2 data as well. RISE reports they have begun a preliminary draft of the SPC report. Dr. Hinojosa, Dr. Machen and Laura Miele we will meet with RISE via teleconference the week of July 11<sup>th</sup>.

**Defining Issues Test Version-2 (DIT-2):** The DIT-2 posttest was administered to graduating students on May 4, 2016 during the DIT/VIP graduation reception. Four students completed the assessment. The DIT-2s were mailed to University of Alabama for scoring May 20, 2016 by IPRE. The results were received and forwarded to Iowa State University RISE June 6, 2016.

**External Constituent/Alumni Survey:** An electronic copy of the survey was shared with Dean of Health Sciences and Dean of Applied Science and Technology for distribution on Feb 3, 2016. Ninety surveys were administered in hardcopy format during Advisory Board Meetings throughout the spring 2016 semester for Culinary Arts, Physical Therapist Assistant, Medical Laboratory Services, Business Information Solutions, Construction Trades, Nursing,

Welding, and Radiography. Seventy-four surveys were returned for a total response rate of 82%. Of the 74 surveys returned 18 were incomplete or had more than one option selected per response item. Fifty-six surveys were completed and considered valid. 85.7% of respondents indicated SPC provides a foundation in ethics to use for a guide in decision-making processes for students. The QEP Annual Report will contain further details.

### **Professional Development**

The SPC institutional membership for the Association for Practical and Professional Ethics (APPE) is up for renewal. The institution may identify up to five names as institutional representatives for APPE. APPE headquarters at Indiana University hosted the Ethics Bowl Workshop June 26 – 28, 2016. Jill Zimmerman, Matthew Fuller, and Andrew Hill attended the conference and reported the conference went well with much useful information. Laura Miele met with the conference attendees June 30, 2016 for an after action review and update. The team is drafting a plan and timeline to begin developing the Ethics Bowl Team with the intention of competing in the regional and national competitions next semester. July 12<sup>th</sup> progress report will contain further details.

The QEP Core/Implementation Teams will continue to discuss upcoming QEP EDM professional development specifically for staff for fall/spring 2016 PDW. Staff PD survey received IRB approval and will be deployed July 11 – 20th to garner staff input regarding professional development needs. QEP Core Team will meet July 5, 2016.

### **QEP Event**

QEP Presentation during Kids Camp 2016: A EDM presentation was shared with campers ages 8 -10 and 11 -13 June 15, 3:00 – 4:00 pm. Laura Miele and Dr. Angela McPherson-Williams presented. There were approximately 46 children present.

A brief overview of the QEP was shared with Dual Credit and Early College High School participants as part of SPC hosted Professional Development June 23d by Dr. Fenton and by Laura Miele June 30, 2016.

### **Upcoming QEP Events**

QEP Staff Appreciation and Professional Development Luncheon July 14 12:30 to 2:00 pm  
Ethical Decision-Making Presentation during PDW Convocation August 13, 2016  
9:30 - 10:00 am  
QEP: Ethical Decision-Making Communications & Learning Department Division Meeting  
(2:55 to 4:15, QEP time TBD).
