Quality Enhancement Plan – Ethical Decision-Making

St. Philip's College is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). Part of this process is the QEP (Quality Enhancement Plan) to promote student success. Our QEP topics Ethical Decision-Making.

QEP Focus: Ethical decision-making is the ability to connect values and choices to actions and consequences.

QEP Goal: Students engage in specific measurable academic activities to enhance their ethical decision-making skills.

Ethical Decision Making Process:

- *Stop and think to determine the facts.
- *Identify the options.
- *Consider consequences for yourself and others.
- *Make an ethical choice and take appropriate action.

MESSAGE FROM OUR VICE-PRESIDENT:

Greetings SPC Tigers –

'Tis the time for Thanksgiving and our fall commencement ceremony is right around the corner. Be sure you have made contact with your certified advisor to discuss your progress towards program completion and potential career options. At St. Philip's College we are committed to YOUR success. Happy Thanksgiving!

St. Philip's College AlamoCARES

For more information, contact Dr. Mordecai Brownlee, Vice President of Student Success at 210-486-2252.

St. Philip's College is committed to providing a supportive learning environment and to fostering, safe, healthy relationships among our students. In this effort, Alamo Colleges District initiated AlamoCARES, a prevention, education and support program regarding dating violence, domestic violence, sexual assault and stalking. It is our sincere hope that AlamoCARES will empower you to make well-informed decisions about life issues that affect your college years and beyond.

Within the AlamoCARES site, you will find information on rights granted by **Title IX** and resources to help educate and assist you when dealing with harassment and sexual violence. Coming soon are events, training and opportunities to bring awareness when dealing with difficult issues and creating discussion opportunities with students. Visit us at <http://alamo.edu/spc/alamocares/> for more information.

The Alamo Colleges District encourage individuals to bring forward information/complaints about sexual harassment and sexual violence. **Retaliation** against any **individual who reports or participates** in the investigation of alleged violations is **strictly forbidden** and will be **enforced** by the College administration.

If you believe you have experienced **Sexual Misconduct** you may consider the following options:

- Contact **Campus Police** at 210-485-0099 (non-emergency) or 210-485-0911 (emergency)
- Seek **medical attention** at a hospital or with a physician
- **Report the incident** at www.alamo.edu/TitleIXCoordinator/ (call John Martin 210-486-2746)
- **Contact SPC Counseling Services** at 210-486-2333 (for confidential counseling and or referrals)
- Contact **parents, relatives or close friends** for support

H.1.1 Equal Education and Employment Opportunities (Policy) www.alamo.edu/district/policies/ AlamoCARES has additional **Title IX** information and resources at: www.alamo.edu/spc/AlamoCARES

ATTENTION STUDENTS!

All entering freshmen, former and transfer students are now required to complete "**Sexual Assault Prevention for Community Colleges**". Sexual Assault Prevention for Community Colleges is an online survey and course addressing critical life skills. The training is our way of informing St. Philip's College students about **Title IX** standards, reporting violations and resources available. **All entering freshmen, former and transfer students are required to complete the training before the end of their first semester of classes at St. Philip's College (to avoid a registration hold being placed on their account).**

To access the Sexual Assault Prevention for Community Colleges training:

1. Always sign in through ACES at <https://alamoaces.alamo.edu>.
2. Look for the AlamoCARES box on the Student tab and read the important message before accessing the course. Note: an alternative training is available; see your Vice President for Student Success for assistance.
3. Click on the link provided, and complete the confidential pre-survey at the start of the course. The Alamo Colleges District does not receive a copy of your responses.
4. The quiz at the end of the course is required to document your completion, but the score is not recorded and will not impact you in any way. Completion is documented on your student record.

You Have the Right to Feel Safe.

2018-19 Educational Aid Exemption Application

Greetings to academic advisors who may be counseling students seeking teacher certification. This year (2018-19) each of Alamo Colleges (SAC, SPC, PAC, NVC, NLC) was granted an allocation for the Texas Higher Education Coordinating Board's (THECB) Educational Aide Exemption (EAE). The EAE is available to eligible students taking courses toward teacher certification and pays for the tuition and required fees for said coursework in the semester for which it was applied.

We would like to ask that advisors counseling those seeking teacher certification inform the student of the availability of the EAE at *College For All Texans* (www.collegeforalltexans.com) and specifically at <http://www.collegeforalltexans.com/apps/financialaid/tofa2.cfm?ID=572>. Academic advisors can read the eligibility requirements and additional information on that page as well.

The application is available at the same *College For All Texans* site. I have attached it to this email for reference.

The basic steps to process the exemption are:

1. Both the student and authorized school official (at the place of their employment verifying employment) must complete and sign off on the application.
2. Once student and official have completed the (hardcopy) [application](#), it is brought to the Alamo academic advisor.
3. The academic advisor here at Alamo completes the [Advisor-Cert-Form](#) (which is attached and also available at the SFS office on your campus).
4. Forms and information are forwarded to the Student Financial Services office on your campus.
5. Awarding and applying the funds will be processed by the office of Student Financial Services on your campus.
6. Application must be completed and process each semester that student is seeking funds.

SPC has been allocated \$10,870 of EAE funds for the 2018-19 academic year. We hope that will help some students meet their financial needs while seeking a teacher certification. I have copied Grace Zapata (Associate Director of SFS) on this email. Please contact us if you have any questions about the EAE or any other financial aid issue.

Thank you for your service to the students at Alamo.

EDUCATION, NOT DEPORTATION! PLEASE JOIN NAFEOnation in VOTER REGISTRATION INITIATIVE

September was National Voter Registration Month. Throughout its 49 years, NAFEO has made it a priority to encourage all eligible voters to vote. NAFEO is not endorsing any specific political candidates or parties, and we are not telling you HOW to vote.

NAFEO simply wants to encourage and help you to participate fully in the electoral process.

Voting matters. Voting, a civic duty and an important democratic duty, is a right for which many generations have fought to win and protect.

Elections matter. This year **Election Day is Tuesday, November 6, 2018**, but you may be able to [vote early or by absentee ballot](#). This year all 435 seats in the [United States House of Representatives](#) and 35 of the 100 seats in the [United States Senate](#) will be contested. 39 state and territorial [governorships](#) also will be contested. However, all elections matter – state delegates and senators, comptrollers, county executives, county councils, school board members, attorneys general, sheriffs, judges, registrars of wills, and more also will be contested.

Every vote counts. Every day, decisions that are made by elected officials at the local, state and national levels affect laws that impact our lives. We all have a say in choosing the people who make those decisions about important issues such as tuition costs and student loan policies; health care reform; foreign policies and military intervention; immigration; employment; and the environment and climate change.

Visit this official election website: <https://www.usa.gov/register-to-vote> to:

- Ø Determine if you are eligible to vote
- Ø Learn how to register to vote
- Ø Learn if you can register or vote by mail
- Ø Check or update your voter registration
- Ø Learn about voting rights law
- Ø Determine voter registration deadlines
- Ø Find out about voting rules and voter identification laws in your state

Find your state or local election website here: <https://www.usa.gov/election-office>. Here you can find information about elections in your state including candidates listings, ballot questions, sample and certified ballots, polling places, voter identification requirements, and more.

Join with your college and university clubs to host voter registration drives.

Voting matters! Please join the NAFEOnation family in this important initiative in 2018.

Deferred Action for Childhood Arrivals (DACA)

For more information, contact Carmen de Luna Jones at 210-485-0280.

To locate resources on immigrant rights to advocate for yourself and protect your community, visit <https://www.alamo.edu/spc/admissions/specific-populations/daca/>. View an important immigrant's training video, "Know Your Rights & Family Preparedness". The video can also be viewed in Spanish.

What should I do if I believe an enforcement action has taken place that is inconsistent with this guidance?

DHS has explained that there are a number of locations where an individual may lodge a complaint with DHS about a particular immigration enforcement action that may have taken place in violation of these or other policies. You may find information about these locations, and information about how to file a complaint, on the DHS website at <https://www.dhs.gov/>, the CBP website at <https://www.cbp.gov/>, or ICE website at <https://www.ice.gov/>.

You may contact ICE Enforcement and Removal Operations (ERO) through the Detention Reporting and Information Line at 888-351-4024 or through the ERO information email address at ERO.INFO@ice.dhs.gov, also available at <https://www.ice.gov/webform/ero-contact-form>. The Civil Liberties Division of the ICE Office of Diversity and Civil Rights may be contacted at 202-732-0092 or ICE.Civil.Liberties@ice.dhs.gov.

You may contact the CBP Information Center to file a complaint or compliment via phone at 877-227-5511, or submit an email through the website at <https://help.cbp.gov>.

Where should I report discrimination if I believe it is taking place in my school?

Anyone with information about discrimination occurring in schools, including discrimination on the basis of race, color, or national origin (which may include citizenship or immigration status), may file a complaint by contacting the U.S. Department of Education, Office for Civil Rights via <https://www.state.gov/s/ocr/>, 800-421-3481 or TDD: 800-877-8339 (for language assistance contact 800-USA-LEARN (800-872-5327)) or by contacting the U.S. Department of Justice, Civil Rights Division, Educational Opportunities Section via <https://www.justice.gov/crt/educational-opportunities-section>, 877-292-3804, or TTY: 800-514-0383.

Will enforcement actions ever occur at sensitive locations?

DHS has explained that immigration enforcement actions may occur at sensitive locations in limited circumstances, but should generally be avoided. DHS officers and agents from U.S. Immigration and Customs Enforcement (ICE) or U.S. Customs and Border Protection (CBP) may conduct an enforcement action at a sensitive location only with prior approval from an appropriate supervisory DHS official, or if the enforcement action involves exigent circumstances related to national security, terrorism, or public safety, or where there is imminent risk of destruction of evidence material to an ongoing criminal case.

For more information about these civil rights protections, please see the U.S. Department of Education (ED) and U.S. Department of Justice joint Dear Colleague letter

FACT SHEET FOR FAMILIES AND SCHOOL STAFF: LIMITATIONS ON DHS IMMIGRATION ENFORCEMENT ACTIONS AT SENSITIVE LOCATIONS

All children have a right to a free public education, regardless of their actual or perceived immigration or citizenship status or that of their parents.¹ Education leaders, teachers, students, and families, have asked questions about guidance that was released by the U.S. Department of Homeland Security (DHS) that limits immigration enforcement actions from occurring at schools and other “sensitive locations.” This DHS guidance is at: <https://www.cbp.gov/border-security/sensitive-locations-faqs>. To respond to those questions, the U.S. Department of Education has worked with DHS to prepare this fact sheet, intended to help parents, families, educators, and other school staff understand the DHS guidance.

In general, DHS has explained that immigration enforcement actions may not occur at or in “sensitive locations.”

These locations include:

Schools, such as known and licensed daycares, pre-schools and other early learning programs; primary schools; secondary schools; post-secondary schools up to and including colleges and universities; as well as scholastic or education-related activities or events.

School bus stops that are marked and/or known to the officer, during periods when children are present at the stop.

Medical treatment and health care facilities, such as hospitals, doctors' offices, accredited health clinics, and emergent or urgent care facilities.

Places of worship, such as churches, synagogues, mosques, and temples.

Religious or civil ceremonies or observances, such as funerals and weddings.

During public demonstrations, such as a march, rally, or parade.

SCIENCE & ENGINEERING INTERNSHIP PROGRAM

ROV Engineering, Video Engineering
Ocean Science & Seafloor Mapping

Community college, undergraduate, graduate students, and recent graduates are eligible to apply.

Application Deadline : January 4, 2019

I've always thought the best teachers were those who experience things and then bring it back to help their students have their own experiences. I also can't understate the energizing effect of having OET invest in me this way; it just feels empowering

- 2018 Science Communication Fellow

An all-around amazing experience. I was given a large amount of responsibility right away, but felt the experts around me were invested in my success, which in turn helped inspire me to be the best intern ROV engineer I could be.

- 2018 Science & Engineering Internship Program participant

REV UP!

EVEN A HIGH-EFFICIENCY EDUCATION ENGINE NEEDS REVENUE TO FUEL IT.

In the race to provide South Texas with affordable academic and workforce education, the colleges of the Alamo Colleges District have created an extraordinarily high performance machine. But even the most efficient engine needs revenue to fuel it properly.

ACD has the **8th lowest tuition and fee rate in Texas.***

\$200 - \$1700
LESS
per credit hour than other area colleges and universities.

Since 2011, tuition here has crept up
ONLY 8% vs. OVER 35%
at most Texas colleges.

ACD STUDENTS PAY
ONLY 19¢
out of pocket for each expense dollar.

Yet we consistently yield high performance **success.**

Rapidly increased the number of graduates annually from 3,707 to 12,756 since 2005.

Real student success -
244%↑
increase in degree and program completion rates since 2005.

1M

Preparation to serve a population increase of **over 1M** in our area by 2035.

Source: census.gov and Texas Demographic Center Projections

Now, state funding cuts threaten our ability to serve over 80,000 students annually.

STATE MONEY.

We compete with **50 peer colleges** for a share of a declining pool of money.

Challenges will include: "unfunded growth" and a potential **10% cut.**

PROPERTY TAX REVENUE.

Previously, we used excess to fund expenses and keep tuition flat. Now, **100%** must go for new building operating costs.

TUITION.

With insufficient state and tuition revenue streams causing us to **LOSE MONEY** as we grow, tuition must go up or we'll have to cap growth.

THE SOLUTION:

A \$13/credit hour "catch-up" increase starting in Spring 2019.

Why is this actually good news?

\$4/hr↓

Tuition and fees: Still affordable - \$4/hour below statewide average!*

OVER 75%

of students cover costs via financial aid grants, waivers or 3rd parties (including military). Pell Grant recipients - added costs more than covered by recent grant increases alone!

STUDENT BENEFITS

STILL FAR OUTWEIGH THE INCREASE.

Personalized advising means

INCREASED DEGREE/ PROGRAM COMPLETION.

New institute advising ensures every ACD class is degree applicable upon transfer to student's preferred university, so each student:

SAVES \$8,800 - \$52,800
public university private university

In short, we're still in the race. And still working to make our students winners - first, last and always.

* With the impact of free Summer Momentum classes for students.
