

## Implementation Progress

**SPC Weekly:** The EDM Tip of the Week continues. Digital signage will now be updated every Friday afternoon with a tip to encourage Ethical Decision-Making; last week's tip "Integrity is doing the right thing even if nobody is watching."

Student Life: What Would You Do? Student Activities continues to engage students in the QEP by posing thought provoking scenarios and questions during Spirit Day. New scenarios are presented every Wednesday from 11:00 am – 1:00 pm in the CLR breezeway. The last scenario was presented during Spirit Day on Apr 27. Students are encouraged to use the EDM process as they input their responses using iPads.

**QEP PR:** QEP student engagement and community awareness strategies continue with PR assistance. Digital signage encouraging student completion of the PSRI posttest was displayed. Announcements for the PSRI posttest were published in the SPC Weekly and fliers were distributed to faculty and posted in SLC classrooms. PR has developed the DIT/VIP graduation reception invitations and digital signage continues encouraging students to submit EDM tips.

Fifty-five tips student EDM tips were collected during Culture Fest and were reviewed by the implementation team. Tips best reflecting EDM will be forwarded to PR for digital signage. We will ask faculty and staff to submit new tips for the fall 2016 semester so as to have additional EDM tips as a resource.

## Assessment

On Monday, May 2 Laura Miele, Dr. Machen and Irene Young, met via teleconference with Maureen Cartledge to discuss the progress of QEP assessment, data collection, assessment results and reporting. Laura Miele and Irene Young provided an update on the teleconference they had with Iowa State University RISE on Apr 29. Additional strategies on how to increase student participation on future assessment was discussed.

**Personal & Social Responsibility Inventory (PSRI):** posttest was launched on Apr. 6. 12,207 students were invited to participate. On April 18, 209 had started the posttest and 122 had completed it. Reminders to students went out Apr 11, 17, 24, 29 and May 1. During the week of Apr 25 PSRI assessment stations were set up across campus inviting student participation. Stations with laptops were available from 10 am to 12 noon Monday – Thursday. Approximately 80 students completed the PSRI at the assessment stations. The survey closed on May 1<sup>st</sup>.

On Friday, April 29, Laura Miele and Irene Young met via teleconference with Joshua Mitchell, Dr. Robert Reason and Kevin Hemer from Iowa State University RISE to discuss the inclusion of a new case study for PSRI assessment. Suggestions were made about diversifying names included in the case study. The new case study addresses personal responsibility as it relates to professional decisions and behavior giving students the opportunity to use the EDM process on a broader scope. Conversation also focused on current PSRI assessment. As of April 29, 408 students have completed the PSRI. Dr. Reason reports a surge in PSRI completion on Tuesday, Wednesday and Thursday, Apr. 26, 27 and 28. He believes this increase may be attributed to the PSRI stations available on campus. Dr. Reason states he is looking forward to receiving fall and spring DIT-2 assessment results for comparative analysis with PSRI results. Overall results will be included in the PSRI report from RISE.

**Defining Issues Test Version-2 (DIT-2):** QEP Directors continue to organize a special DIT/VIP graduation reception to encourage participation in DIT-2 posttest completion. Ten students have been contacted by e-mail invitation, phone call and personal invitation delivered to class or mailed to address on record. The reception is scheduled for May 4, 2016 from 4-5:30 pm in CLR 301. Refreshments will be served. A gift bag and gift card will be given to students completing the DIT-2 assessment. Any students unable to attend will be contacted to determine their availability and appointments will be set up so students may complete the DIT-2 at a time that works for them. Members of the QEP Core/Implementation Team will wear EDM t-shirts and assist with the reception and assessment.

**External Constituent/Alumni Survey:** An electronic copy of the survey was shared with Dean of Health Sciences and Dean of Applied Science and Technology for distribution on Feb 3, 2016. Completed hardcopies of the surveys were submitted on Apr 29th. Twenty-five surveys have been submitted.

### Professional Development

The QEP Core/Implementation Teams will continue to discuss upcoming QEP EDM professional development specifically for staff and for Fall 2016 PDW. Staff PD survey is pending IRB approval.

Core Team: The core team will meet this afternoon. A drawing will be held to determine the PSRI station student winner of the SPC bookstore gift card. Students who completed the PSRI at one of the PSRI stations on campus had their names entered for the drawing. The winner will be contacted this week.

Jill Zimmerman and Andy Hill are interested in starting an Ethics Bowl team for SPC and would like to attend the Ethics Bowl Workshop at APPE headquarters, Indiana University.

Dr. Machen, Irene Young and Laura Miele had a QEP directors meeting April 28, 2016 @ 8:45am.

### QEP Events

Student Focus Group

- April 28 @ 11:00am (SWC) - rescheduled from April 14

Professional Development

- First Baptist Academy – April 28, 11:50 am -1:00 pm, lunch provided

### Upcoming QEP Events

QEP Professional Development

- Canyon Lake High School – May 17, 1:00-2:00 pm, lunch provided

QEP DIT/VIP Graduation Reception – May 4, 4 – 5:30, refreshments served
