A Point of Pride in the Community

# ABOUT US

## A POINT OF PRIDE IN THE COMMUNITY

St. Philip's College is among the oldest and most diverse community colleges in the nation. Opening March 1, 1898, the school began as a weekend sewing class for six black girls, taught by Miss Alice G. Cowan, a missionary with the Episcopal Church. It is a comprehensive multi-campus institution dedicated to meeting the educational needs of San Antonio's growing community.

SPC is the only college in the U.S. with the distinct dual designation as a Historically Black College and Hispanic Serving Institution. SPC has an enrollment of approximately \*12,696 credit students per semester and approximately \*3,334 dual credit, early college high school, and academy students annually. (\*Enrollment numbers as of Fall 2019)

# SOUTHWEST CAMPUS

## WE LEAD IN CAREER TECHNICAL AND INDUSTRY TRAINING

Our Southwest Campus serves a vital role as South Texas region's primary center for technical and industrial training and education. The college prepares you to pursue an industrial or technical career through a certificate or associate degree program. SPC Southwest Campus also provides education and training for employees facing career transitions and provides customized training for employers. It has expanded programs to connect you with prominent industry partners.

Participation in the National Association of Home Builders Student Chapter has increased opportunities for community service at project sites. Increased access to solar power/renewable energy scholarships and industry internships help you get inside your chosen career path.

SPC SWC is a testing center for various industry certifications such as: American Welding Society (AWS), Environmental Protection Agency (EPA), Occupational Safety and Health Administration (OSHA), North American Board of Certified Energy Practitioners (NABCEP), and more.
